

### REMARKS

Claims 1-5 are pending in the present application. By the present amendment, the title and description have been amended to address the objections thereto made by the examiner. In addition, claims 1-5 have been rewritten to overcome the objections thereto made by the examiner. Applicant's representative submits that all of the objections have been addressed and as such the application is in condition for allowance.

In view of the foregoing amendment and discussion, it is respectfully submitted that the claims in this application are now patentably distinct from the prior art cited by the examiner and each from the other and this application is, therefore, in condition for allowance. Prompt notice to that effect is earnestly requested.

Respectfully submitted,

Jennifer Nock Hinton
